

Efficiency.

Together, Let's Make It Happen.

Weatherization Services include:

Weatherization services include an energy assessment to find out how your house can be made more energy efficient and comfortable. We then provide energy renovation services, including adding insulation, fixing holes, caulking cracks and gaps, and improving ventilation. Recipients of Weatherization grants receive these services at no cost to them, and typically see a reduction in home heating bills as a result.

If your household qualifies, you'll receive:

- A visit from our Efficiency Coach, explaining the effects weatherization will have on your home and information on how to operate the home after weatherization to ensure optimal energy savings, lasting durability, and improved air quality.
- An energy assessment to identify the areas where improvements can be made in heating, efficiency and comfort.
- Appliance upgrades where applicable in partnership with Efficiency Vermont.
- Renovation construction services from a qualified crew, including materials and supplies.

All at no cost to qualifying households.

"When I first spoke with Capstone staff, it felt like a blessing. I could immediately tell how kind and helpful everyone was. The auditors took the time to identify problems in my home.

Before the work was done, I spent many nights crying and stressing about oil, the furnace, the hot water heater, and simply being cold. **When everything was finished, those tears turned into tears of joy.**

Now my home has insulation in the roof and walls, weatherstripping around my doors, new floor grates, and a bathroom fan and light. With Capstone's connections to more resources, they hired professionals to install a new hot water heater, furnace, washer and refrigerator. **Capstone truly saved me and brought warmth, safety, and peace of mind back into my home."**

A **no-cost** service that helps you **be comfortable** and **save money** by making your home more efficient.

A CAPSTONE COMMUNITY ACTION PROGRAM

JULY 2026

Weatherization Eligibility Guidelines

To qualify for no-cost weatherization, you must live in our service area and meet income criteria.

Do you qualify?

1. Are you currently receiving Reach Up, Supplemental Security Income (SSI) or Seasonal Fuel Assistance (LIHEAP)?

- ☐ **YES** Go to question #2
- ☐ **NO** Check the income eligibility guidelines in the table on the right to see if you qualify.

2. Has your home been weatherized by Capstone or CVCAC in the last 15 years?

- ☐ **NO**
- ☐ **I DON'T KNOW** Contact us.
- ☐ **YES** You do not qualify for Weatherization services at this time.

You may also qualify if:

You are a renter with the landlord's participation.

If you believe your household meets eligibility requirements, please submit a completed application. Download an application online at www.capstonevt.org/home-weatherization or call our office at **1-877-919-2299** to request an application be mailed to you.

Do you live in one of these towns?

COUNTY	TOWNS
Addison	Granville, Hancock
Lamoille	All towns
Orange	All towns
Washington	All towns
Windsor	Barnard, Bethel, Rochester, Royalton, Sharon, South Royalton, Stockbridge

If you live in one of the towns noted above, and the annual income in your home is at or below the county limit for the number of persons in your household, you may qualify!

Income Eligibility Guidelines

Income Eligibility Guidelines as of July 1, 2026. Contact us for eligibility guidelines if there are more than 8 persons in your household. If you live outside of Addison or Washington counties, please refer to the State of Vermont income limits based on the number of persons in your household.

	NUMBER OF PERSONS IN YOUR HOUSEHOLD							
	1	2	3	4	5	6	7	8
Addison	\$64,550	\$73,750	\$82,950	\$92,150	\$99,550	\$106,900	\$114,300	\$121,650
Washington	\$63,850	\$73,000	\$82,100	\$91,200	\$98,500	\$105,800	\$113,100	\$120,400
State of Vermont	\$62,450	\$71,400	\$80,300	\$89,200	\$96,350	\$103,500	\$110,650	\$117,750

Other Resources:

No-cost heat repair or replacement

If you are a homeowner and your primary heat source isn't working, reach out to us to see if you are income eligible through our no-cost repair or replacement program (November 1-April 30).

Support for owners & developers

3E Thermal supports owners and developers by coordinating energy efficiency improvements that maximize building performance, control long-term costs, and protect housing investments. Our certified consultants will provide an unbiased energy audit.
